Director's Report...

John Holland - Rogers, Arkansas

Winter 2010

It is with some sadness that I write my last column as your A.H.S. Director. When I agreed to take on this project, I knew it was outside my comfort zone as a gardener; and yet sometimes, we are led outside this zone only to realize some degree of interest or even ability. The best part of gardening for me has always been to plan, plant, and then grow to the best of my ability. Now, hopefully, I will be able to return to the plant that started all this madness.

Region 13 will be blessed to have an unusual degree of representation on our A.H.S. Board when Ken Begnaud takes over my job as our Director, and Joe Goudeau has already taken over the job as Director of Region 9. Joe has taken over my old job as Membership Chairman and has received Board approval to begin immediately to institute a “members only” portal to our A.H.S. website,

with many new features which will make you glad to be a member of A.H.S. I will let Joe introduce you to all his excellent new ideas. Kenny has been assigned the all-important job of Judge’s Education; and with his past experience, he will no doubt ease into this position quite nicely.

The cultivar “J.T. Davis” won the Stout Silver Medal for 2010, as reported at our fall meeting in Columbus, Ohio. “Peggy Jeffcoat” won the Lenington All American Award for best performance over a wide geographic area. “Carnival in Mexico” won the Extra Large Diameter Award. “Egyptian Queen” won the Early Season Bloom Award. “Madeline Nettle’s Eyes” won the Best Miniature Award. “Microburst” won the Best Small Flower Award. “Celebration of Angels” won the Best Eyed Cultivar. “Micro Chip” won the Best Late Blooming Award. “Velvet Ribbons” won the Best Spider or Variant Award. “Brer Rabbit’s Baby” won the Best Unusual Form Award, and our own Jack Carpenter’s “Texas Kaleidoscope” won the R.W. Munson Jr. Award for Best Patterned Cultivar. The 2010 winners for Award of Merit, Honorable Mention and Junior Citation are available on our A.H.S. website.

Don’t forget to volunteer for a job for our 2011 Baton Rouge National Convention, and I look forward to seeing you all there.

John Holland

Regional President's Letter.....

Joe Goudeau - Central, Louisiana

Joe & Granddaughter Alexa

Happy Holidays!

As I compose my final letter as President of Region 13, I am experiencing a number of emotions but gratitude would be the first and foremost. I appreciate your electing me to serve as your President. I am grateful for the experience and for the opportunity to learn. I am grateful to all who contributed either by donating plants, funds, time, hosting a regional meeting or serving as an officer or appointee. Above all else I am grateful for the opportunity to get to know you, my fellow members of Region 13. There are many of you whom I would have never had the opportunity

to meet, much less the opportunity to get to know, if it had not been for my serving as your President. I have made friendships that will last a lifetime and for that I am thankful beyond words.

I would like to encourage you to be as generous and forthcoming to Bob Stassen, our next Regional President as he begins his first term. Please remember he is a volunteer and he does have a full time job. It takes hundreds of hours per year to perform all that is required not counting the travel, expenses, and resources. I wish him all the best. I am sure his direction as Regional President will be different from mine. Bob is a Garden Judge, Garden Judge Instructor, and an Exhibition Judge. I am sure he will make great strides in retaining and recruiting more judges.

Over the years, I have had many discussions with our next Director, Ken Begnaud. We can foresee Garden Judges classes and tests, as well as some exhibition clinics, being available online in the near future. This should encourage more participation and in turn create more Garden Judges and Exhibition Judges. In my opinion, both are needed to promote the flowers we all grow and love. More judges will also give more weight to the awards and honors voted on each year.

Congratulations to all the hybridizers who received votes in this year's popularity poll. Region 13 hybridizers Clarence Crochet, Ken Begnaud, Anita Copenhaver, Joe Goudeau, Jimmy Terrio, Linda Winberry, Ginger Goudeau, Tim Tassin, Nan Wilkerson, Helen Calhoun, Lucille Guidry, Pauline Henry, and Lee Gates all received votes.

48% of the Region 13 members voted in this year's popularity poll. This was twice the participation of all but four of the other Regions. I know your new

Continued on next page

Regional Publicity Directors, Gerald Lutterman, Louisiana, and Carey Roberts, Arkansas, will get 70% or better. This year's Region 13 popularity poll winner, *Hemerocallis* '**King Kahuna**', received votes equally from the northern and southern voters.

I look forward to continued service to AHS as Director of Region 9. It is my goal to retain and increase membership. A survey of AHS members was recently published in the AHS journal. That survey showed that 80% of AHS members are 56 years or older and almost 31 percent are over 70. This tells me two things: gardening is a hobby for the retired, and we need to do more to attract younger members 35-50. We need to do more to promote the flowers we love.

We have some new and exciting things that are going on in AHS. Scheduled for mid February - March is a more interactive web site. This will be a website where you can network with other AHS members. This will be a website where you will be able to build your own page telling people about yourself, your garden, and your favorite flowers. This will be a web site where the Region and clubs will be able to interact with the members and with each other. I am hoping the site will allow for on-line education, testing, provide pdfs of past Journals and newsletters and provide members an outlet to better interact with each other and with AHS.

Club designations have been developed for any club that has an AHS membership of 65% or more. Clubs receiving the designations will be recognized in the Journal and on the web site. The following will be the designations:

Platinum 100% AHS membership
Gold 90% AHS Membership
Silver 75% AHS membership
Bronze 65% AHS membership

Your club must have a minimum of 25 members. In order to qualify you must send your club's entire membership roster, including contact information to Joe Goudeau for verification. Please send to membershipchair@daylilies.org

Starting January 1, 2011, there are 14 growers who will offer a 10% discount to ALL AHS members for orders of \$100 or more. Some of your Region 13 growers, Bayou Bend Daylilies, Beaux Basin Gardens and Daylilies Etc. have committed to AHS and to this program. I look for many others to join once they see how successful this program is going to be.

This is just a sampling of what is to come from AHS. I am asking for your help. What do you think AHS needs to do to retain you as a member? What can AHS do to attract more members? What does AHS need to do better? We love the flowers, we enjoy the fellowship, and if you are reading this post, you, like me, are a proud member of AHS.

I bet you thought that was it, we finally got rid of that Goudeau guy. Sorry, not yet. Did you know Baton Rouge Daylily Society, with the help of the entire

Continued on next page

Region 13, is hosting the 2011 AHS National Convention? The gardens are set, the convention hotel selected, the food decided on, and the busses on standby.

“What more is there?”, you ask. There will be speakers, clinics, forums, live auction, Cajun auction, raffle, dance class, a dance, and, most importantly, fellowship. Registrations are coming in at a steady pace and we have already had to increase the block of rooms on the concierge level of the hotel.

“What can I do to help make this the best national ever?” First and foremost attend. There has not been an AHS convention in Region 13 since the Lafayette convention in 1998 (the largest to date). There has not been an AHS convention in Baton Rouge since 1955. How better to meet other daylily enthusiasts from all over the country? Volunteer to work the registration table or boutique for a few hours, help set up or work the auction, help dead head a tour garden, be a bus captain, donate an item of value for the auction or Cajun auction. We could use some of those (good) Mardi Gras beads you have stored in the attic for decorations and the registration bags. If you feel energetic, the Tuesday before the convention, several of the gardens could use help digging, tagging, and washing plants for the registrants. Get involved and come “pass a good time”.

Folks, this has been a great experience and one that I will treasure forever. I can honestly say it has been an honor and a privilege serving you as regional president and I look forward to continuing to serve you and all AHS members as Director of Region 9.

Happy Gardening and God bless you and yours,

Joe Goudeau

The Southwest Daylily Society donated \$500 to the Baton Rouge Daylily Society

Region 13 donated \$1,000 for advertisement and promotion

Thanks to all of these fine gardens, clubs and individuals for their contributions.

Ellis Powell

His passion for daylilies started in the 60s when his family relocated to Central Louisiana from east Texas where he attended East Baptist University in Marshall and did graduate work at Stephen F. Austin State University in Nacogdoches. After a short stint as an educator in the Longview Independent School District, where he met his wife of fifty years Wrenetta, he relocated the family to Louisiana. There he became one of the original staff of LSU where he served over thirty-five years and retired as an associate professor of English in 1994.

Ellis always had a love for landscaping. He became fascinated with daylilies due to the assortment of color, size, stamina, and, of course, great beauty of this remarkable creation. "The Garden" evolved over the years from a few small beds to the entire rear yard. Ellis's collection of daylilies is impressive by any standard. The garden, full of the latest and greatest daylilies along with the oldies but goodies, was host to Regional and local meetings and the AHS Display status insured that visitors from all over came to visit during bloom season. The specimen hydrangeas really set the garden off and his whimsical garden art lets one know there was a lighter side to this man.

Ellis will be best remembered in the daylily world for the Fall Symposium that he started 13 years ago.

Ellis was a mentor for all who knew him and his passion for daylilies paled in comparison to his passion for church, family, two children and three grandchildren and, of course, his friends.

We will miss Ellis.
